-FSBW Vision Statement

Disclosure Statement

The information included in this presentation is confidential and may not be reproduced or redistributed, passed on or divulged, directly or indirectly, to any other person. FS Bancorp, Inc. (the "Company") reserves the right to request the return of this presentation at any time.

Forward Looking Statements

This presentation may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements often include the words or phrases "believe," "will," "will likely result," "are expected to," "will continue," "is anticipated," "estimate," "project," "plans," or similar expressions. Forward looking statements are not historical facts but instead represent management's current expectations and forecasts regarding future events, many of which are inherently uncertain and outside of our control. Actual results may differ, possibly materially, from those currently expected or projected in these forward-looking statements.

Factors that could cause the Company's actual results to differ materially from those described in the forward-looking statements, include but are not limited to, the following: potential adverse impacts to economic conditions in the Company's local market areas, other markets which the Company has lending relationships, or other aspects of the Company's business operations or financial markets, including, without limitation, as a result of employment levels; labor shortages, the effects of inflation, a potential recession or slowed economic growth; changes in the interest rate environment, including the past increases in the Federal Reserve benchmark rate and duration at which such increased interest rate levels are maintained, which could adversely affect our revenues and expenses, the values of our assets and obligations, and the availability and cost of capital and liquidity; the impact of continuing high inflation and the current and future monetary policies of the Federal Reserve in response thereto; the effects of any federal government shutdown; increased competitive pressures, changes in the interest rate environment, adverse changes in the securities markets, the Company's ability to execute its plans to grow its residential construction lending, mortgage banking, and warehouse lending operations, and the geographic expansion of its indirect home improvement lending; challenges arising from expanding into new geographic markets, products, or services; secondary market conditions for loans and the Company's ability to originate loans for sale and sell loans in the secondary market; volatility in the mortgage industry; fluctuations in deposits; liquidity issues, including our ability to borrow funds or raise additional capital, if necessary; the impact of bank failures or adverse developments at other banks and related negative press about the banking industry in general on investor and depositor sentiment; legislative and regulatory changes, including changes in banking, securities and tax law, in regulatory policies and principles, or the interpretation of regulatory capital or other rules; disruptions, security breaches, or other adverse events, failures or interruptions in, or attacks on, our information technology systems or on the third-party vendors who perform critical processing functions for us; environmental, social and governance goals; the effects of climate change, severe weather events, natural disasters, pandemics, epidemics and other public health crises, acts of war or terrorism, and other external events on our business; and other factors described in the Company's latest Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, and other reports filed with or furnished to the SEC which are available on the Company's website at www.fsbwa.com and on the SEC's website at www.sec.gov.

Further, statements about the potential effects of the Company's proposed merger with Pacific West on the Company's business, financial results, and condition may constitute forward-looking statements and are subject to the risk that the actual effects may differ, possibly materially, from what is reflected in the forward-looking statements due to factor and future developments which are uncertain, unpredictable, and in many cases, beyond the Company's control, including the following: the expected cost savings, synergies and other financial benefits from the merger might not be realized within the expected time frames or at all; governmental approval of the merger may not be obtained, or adverse regulatory conditions may be imposed in connection with governmental approvals of the merger; conditions to the closing of the merger may not be satisfied; the shareholders of Pacific West may fail to approve the consummation of the merger; the integration of the combined company, including the retention of key personnel, might not proceed as planned; and the combined company might not perform as well as expected.

Forward Looking Statements (continued)

Any of the forward-looking statements that the Company makes in this presentation and in the other public statements are based upon management's beliefs and assumptions at the time they are made and may turn out to be incorrect because of the inaccurate assumptions the Company might make, because of the factors illustrated above or because of other factors that cannot be foreseen by the Company. Therefore, these factors should be considered in evaluating the forward-looking statements, and undue reliance should not be placed on such statements. The Company does not undertake and specifically disclaim any obligation to revise any forward-looking statements to reflect the occurrence of anticipated or unanticipated events or circumstances after the date of such statements except as required by securities laws. These risks could cause the Company's actual results for 2026 and beyond to differ materially from those expressed in any forward-looking statements made by, or on behalf of the Company and could negatively affect its operating and stock performance.

- 54th consecutive quarterly cash dividend of \$0.29 per share

Shareholder Value

- Continued focus on increasing shareholder value through our business plan execution
- Tangible book value per share increased \$1.23 to \$41.84 at June 30, 2026

APPENDIX – NON-GAAP RECONCILIATION

RECONCILIATION OF GAAP TO NON-GAAP FINANCIAL MEASURES – EQUITY

Non-GAAP Financial Measures

This presentation contains the tangible book value per share, a non-GAAP financial measure. Tangible common stockholders' equity is calculated by excluding intangible assets from stockholders' equity. For this financial measure, the Company's intangible assets are goodwill and core deposit intangible. Tangible book value per share is calculated by dividing tangible common shareholders' equity by the number of common shares outstanding. The Company believes that this non-GAAP measure is consistent with the capital treatment utilized by the investment community, which excludes intangible assets from the calculation of risk-based capital ratios and presents this measure to facilitate comparison of the quality and composition of the Company's capital over time and in comparison to its competitors.
